Name _____

Street Address _____

I understand that household waste cart # _____ belongs to the City of Brownwood.

Please Note:

Due to no access to an alleyway, all Carts must be placed at street curb or edge of street (if there is no curb). All brush and debris and other items to be picked up by the City of Brownwood must be placed by the street curb or edge of street (if there is no curb). City of Brownwood employees will not come on your property to collect carts, brush/debris or any other item. If a cart is not at street curb or edge of street (if there is no curb), your waste will be picked up on the next pickup date, only if it is then placed by street curb or edge of street (if there is no curb). To insure collection of your waste, Cart must be at curb or edge of street by 7:00 A.M.
