Ashley Belez presented at the TACCHO 2024 Conference

Our very own Brown County MRC Coordinator presented in a pre-conference breakout session at this year's TACCHO Annual Premier Public Health Conference. The purpose of the conference is to improve state and local health department practices to plan and implement public health programs, policies and system changes that will move public health forward through the use of data, health equity, community partnerships and a strong public health workforce, all with the goal to improve the health of the community. Ashley presented information on the MRC, how to form the organization, volunteer recruitments, trainings and our involvement around the community.

UPCOMING MEETING

Bi-monthly

March 19th
5:30 PM - 6:30 PM
Health Department

WELCOME NEW MEMBER BRENT MOSELEY

Wishing a Farewell
Sherri Wise
THANK YOU FOR ALL YOU HAVE DONE FOR MRC

Member Spotlight : Kristan Tamminga

MEMBER SINCE 2019

How long have you been in the medical field & what is your favorite memory?

"30 years and favorite memory is when I was a flight nurse, and we would deliver Santa Clause to the children's Christmas party."

Give one good reason to join the MRC.

"The recent pandemic taught me a lot and one of those things was how to support individuals through community involvement."

Congratulations!
