MRC NEW YEAR'S RESOLUTION

Recruitment Campaign

Our goals for the beginning of 2025 is to promote awareness and recruit! The objective is to educate the community on who we are and what we do. Furthermore, we want to create an even bigger and better team this year. We will be making campaign videos, radio and social media ads, and attend speaking events with different groups and organizations. We would love to have our volunteers partake in this campaign.

What goals are we setting as a volunteer? Recruit and educate! We will have a competition amongst our organization on Facebook post shares, number of volunteers recruited and assistance and attendance in educational events and/or trainings. More information will be emailed soon.

PREVENTING RESPIRATORY VIRUSES HEALTH CARE SURVEY

We need your help!

Just scan this code!

This 7-question survey is to help identify populations in Brown County and how respiratory viruses affect them. This is for a project to help with the education and the prevention of respiratory viruses in our community.
