Volunteer Appreciation Dinner

Don't forget about our Appreciation Dinner on May 13 at the Event Center at 6pm

RSVP

Lets Welcome Giovanna

We're excited to introduce Giovanna as our new Medical Reserve Corps Assistant! Her passion for public health and community service makes her a fantastic addition to the team. We look forward to the great work we'll accomplish together.

3rd Annual MRC Volunteer Fair

Our recent Volunteer Fair at the Health Department was a huge success! We welcomed a variety of passionate vendors, each representing organizations dedicated to making a difference in our community. Attendees had the opportunity to connect with local groups, learn about their missions, and explore ways to get involved. The information shared was engaging, insightful, and sparked meaningful conversations. We're grateful to everyone who participated and helped foster a spirit of service and collaboration!

Member Spotlight

Martha Brunette

My name is Martha Brunette, and I have been a nurse for about 14 years. I currently work at Howard Payne University as the university nurse, and within the School of Nursing as a clinical teaching assistant. I also am employed at Hendrick-Brownwood on a PRN basis. When I am not working I enjoy spending time with my wonderful husband of 28 years Danny, along with our 3 children, 40 goats, a German shepherd, and a chiweenie. My oldest daughter, Yessie is also a member of the MRC and is a Junior at Howard Payne University, my middle daughter Allie is a Freshman at Abilene Christian

University, and my youngest son is a Sophomore at Early High School. I decided to join the MRC because I want to network with other healthcare professionals and emergency responders while giving back to my community. Some advice that I would give someone who is thinking about joining the MRC: Be open to learning new things and take advantage of any opportunity you are given to become trained in first aid, CPR, disaster response, or any area of public health education.
