## Are YOU Prepared?

If you got the call today... would you be ready to respond?  
Take a moment to check:

- ✓ Do you have a Go Kit packed and ready?
- ✓ Are your trainings up to date? (ICS 100, Stop the Bleed, CPR?)
- ✓ Do we have your current contact info?
- ✓ Do you know your role in a deployment or emergency?

👁️ If you answered "no" to any of these, we're here to help!

Drop by the Health Department or reach out—we'll get you ready to roll.

✂️ Want help building your Go Kit? Need a list of trainings? Just ask!
